I am a fresh graduate of computer science having a solid understanding of web development proficient in MERN technology, building Interactive User Interface and having experience in redux, context API with excellent problem-solving skills and ability to perform well in a team, Collaborative team player with excellent technical abilities offering 1 years of related experience.

EDUCATION

Sukkur IBA University

Bachelor's in Computer Science

Sukkur, Sindh

Aug. 2018 – Dec 2022

EXPERIENCE

Web Developer Intern

Idea to Product (I2P)

June 2021 – Dec 2021

Sukkur, Sindh

- Developing web applications using Reactjs, bootstrap, Node.js, Mongodb
- Implementation of class and function based components.
- Hands on experience in react hooks, props, RestAPIs, Redux, Context APIs ,data store management,and state and lifecycle in a React component.
- Devised documentation for each web app, detailing operation aspects, functions, capabilities and features.
- Devised techniques for better modularity, testability and maintainability of front-end applications.

RECENT PROJECTS

ShareYourMemories | *ReactJs, NodeJs, ExpressJs, Mongodb, Bootstrap,*

July 2022 – Sept 2022

- * Developed a web application to share your memorise with people, upload posts with title and descriptions .
- * People can see your posts, like and comment on them. Post can be public or private
- * Developed Signup and SignIn modules which use Formik and Yup libraries for form handling and validation respectively and used bcrypt to achieve security with password hashing.
- * Implemented Redux Library for state management of application.
- * Implemented functionality to store you images along with event description.

FetchMyCar | *ReactJs, bootstrap, Node.js, Mongodb.*

May 2022 – June 2022

- * Developed an Admin dashboard using MERN stack for ride sharing application to maintain user records and services offered by system. Implemented booking or renting a car functionalities within an organization.
- * Implemented routing, pagination, formik for data validation, Nodejs, and mongodb

TECHNICAL SKILLS

Languages: JavaScript, ECMAScript (ES6/ES7), HTML/CSS, SQL

Frameworks: Express.js (Node.js), JEST

Databases: MySQL, SQL Server, MongoDB

Developer Tools: Git, GitHub, Postman, VS Code, Sublime

Libraries: React.js, AntDesign, Material UI, Balma, Redux, Formik, Yup, jsonwebtoken.
